

DANCEFUSION ACADEMY OF DANCE PROGRAMS

2015-2016

Power Program: Ballet is the basis of all dance forms and the studio encourages all students to take ballet class. The power program is designed for the serious student aiming for completion of their professional ballet exams. Consistent class attendance, etiquette, attire and professionalism are expected and will be monitored. ***We understand there are many choices; however, if you choose to be in the power program you need to make the commitment.*** Power program students are required to take jazz technique classes (jazz choreo is optional). The cross training is important in improving and maintaining flexibility, stamina, cardio and core strength. Please note, Pom & Cheer classes are not part of the Power Program package. ***As this is the inaugural year of our new structured program, students will be evaluated on an individual basis to ensure they are in the appropriate level for all disciplines.***
