

DANCEFUSION ACADEMY OF DANCE LTD.
2016-2017 PROGRAMS

POWER PROGRAM

Ballet is the basis of all dance forms and the studio encourages all students to take ballet class. The power program is designed for the serious student aiming for completion of their professional ballet exams. Consistent class attendance, etiquette, attire and professionalism are expected and will be monitored. We understand there are many choices; however, if you choose to be in the power program you need to make the commitment. Power program students are required to take jazz technique classes (jazz choreo is optional). The cross training is important in improving and maintaining flexibility, stamina, cardio and core strength.

Please note, POM & Cheer classes are not part of the Power Program package.
