### FROM THE DIRECTOR :

## WELCOME TO NOVEMBER !

November's focus is ensuring all students are settled in their year round classes and that everyone has their festival entry fees and costume fees on their portal.

All the teachers will be ordering the costume this month and although we have tried to keep our costs minimal the many fees are out of our hands.

We have asked our teachers to really investigate all their options through our Canadian companies, to try and avoid the exchange rates and custom fees.

Enjoy your fall break and I look forward to another exciting Winterfest next month.

I know everyone has questions about my cancer journey and I hope I have updates to share after my next PetScan on November 18th.

Happy NOVEMBER!
